50	Acacia Fiber with Sodium / Maltodextrin with Sodium Caseinate	Non-vegan, Instant, Dairy Formula	Beverages, Protein Powders

*MCT Oil Powder (A technology that converts oil to powder form)

MCT oil is a type of fat called Medium Chain Triglycerides. Coconut MCT Oil Powder is manufactured by using a process called "Spray Drying Technology". MCT Oil binds to microscopic Fibrous carrier powder, which converts the liquid MCTs to a Solid, powdered form.
